## DRAFT

Control efforts are critical to prevent these invasive noxious weeds from further encroaching into Yolo County, lands. Control methods will be coordinated with the participating agencies involved in the WMA, land managers, and landowners to stop the spread of A, B & C rated weeds, using chemical methods, mechanical removal, and mowing and mulching, depending on the treatment site.

**Action:** The Yolo County Weed Management Area will conduct a local eradication and control project on A and select B & C rated weeds, with an emphasis on small incipient populations of A and B rated weeds.

**Task 1:** Survey all County Roads and CalTrans highway rights of way in conjunction with annual noxious weed control efforts.

**Task 2:** Identify priority A, B & C infested properties by April 2009 and contact stakeholders to obtain co-operation.

**Task 3:** Purchase required chemicals, hire contractors and treat infested properties.
